

Optimising the quality of life for people living with disability

Teacher Talk™ workshop

Encouraging language development in early childhood settings

If you work in an early childhood setting, this one day workshop can provide core strategies to help you create stimulating language-learning environments. Play and daily routines provide opportunities to create enriched environments that include all children. This training will discuss how to foster language development through daily interactions.

Learn how to:

- Identify the children's conversational styles and the roles teachers play
- Let the child lead in individual and group interactions
- Help children become better conversational partners
