

FINDING **DIFFERENT** WAYS

Artwork by Gloria Kearing

# Don't be shame to ask for help

## Don't wait, if you're worried about your child

Disability affects families in different ways. If your family needs help speak to your doctor, child health nurse or Aboriginal Health Worker and let them know you're worried. They can help you to get more information from disability services.

Finding Different Ways is an initiative of Rocky Bay funded by Disability Services Commission.
