Delight your senses at one of 3 Rocky Bay Sensory Rooms, located at Mosman Park, Nollamara and Duncraig.

Rocky Bay's state of the art Sensory Rooms are designed to increase sensory stimulation, enabling people with disability to interact with and control their environment in a gentle and relaxing way.

The Sensory Rooms also provide:

- A new and different place to spend time, encouraging activity and allowing visitors the opportunity to explore the environment
- Non-directive activities that help communication
- An enjoyable, safe and secure environment that allows visitors to relax physically and mentally
- A place to develop social skills, interaction and awareness of others
- An opportunity to learn and acquire new skills
