

Support Coordination

Rocky Bay's Support Coordination service is here to make the process of choosing your services and providers under the National Disability Insurance Scheme (NDIS) easier.

The team can support you to:

- Set, refine, and work toward your goals
- Find the supports that are right for you
- Work with you and your family or carers to understand the NDIS process
- Manage your supports within your plan's budget
- Make sure you have genuine choice and control over your service providers
- Provide you with the tools to manage any issues that may occur with your supports

Our Support Coordinators can also assist with requests for additional funding when there are significant change in circumstances.

“Rocky Bay were incredibly helpful and supportive in meeting with us to guide us through the planning documents.”

Rod and Catherine, parents of Rocky Bay customers
