A Restrictive Practice is

• something that stops you from doing what you want.

We will try to use less or no Restrictive Practices.

Sometimes a Restrictive Practice may be used to keep you or others safe.

Restrictive Practices include:

1. Seclusion

 this is when you are made to stay in a place alone and are not allowed to leave.

2. Chemical Restraint

• this is when you are given medicine to stop or change your behaviour.

3. Mechanical Restraint

• this is when a device or equipment is used to stop a behaviour.

4. Physical Restraint

 this is when someone holds on to a part of your body to stop a behaviour.

5. Environmental Restraint

 this is when you are stopped from going to certain places in your home or in the community

or

 you are stopped from having certain things or doing certain activities.

We will try

 other things first before using a Restrictive Practice

• use the least Restrictive Practice

 use the Restrictive Practice for the shortest time.

We will NOT use the Restrictive Practice

to punish you

• to make it easier for our staff.

We will ask you before we use a Restrictive Practice.
